**SAP SELECTS TRUECOMMERCE
AS SAP® BUSINESS ONE SOLUTION PARTNER**

*Strategic relationship enables SAP Business One to leverage
TrueCommerce's comprehensive EDI solution*

PITTSBURGH... TrueCommerce has signed an agreement with SAP America, Inc., a subsidiary of SAP AG (NYSE: SAP), the world's leading provider of business software solutions, that recognizes TrueCommerce as an Electronic Data Interchange (EDI) Solution Provider for its SAP® Business One software. TrueCommerce's single-source approach to EDI and its ability to fully integrate with SAP Business One were key factors driving SAP's decision.

TrueCommerce specializes in providing an end-to-end EDI solution that enables small and mid-tier companies to electronically send and receive transactions, such as purchase orders, invoices and advance shipping notices, integrating the process with their back-end business system. By eliminating the need for manual re-keying and verification of this information, the TrueCommerce system enables users to reduce or eliminate costly data entry mistakes.

"We are very pleased to have signed this agreement with SAP," said George McKee, chief executive officer and president, TrueCommerce, "especially given the importance SAP places on selecting strategic partners. We view our relationship with SAP as an integral part of our future success and we look forward to the opportunity it represents."

(more)

SAP Business One allows small and midsize businesses to manage critical business operations with a single software solution. Offering seamless integration with Microsoft® Excel and Microsoft® Outlook for ease of use and increased productivity, SAP Business One provides users with advanced reporting, access to critical data and the ability to manage events in real time. Integrated customer relationship management (CRM) and business management features ensure seamless interaction and full managerial control across sales, service and all other areas of the business.

“As many companies handle high volumes of electronic transactions daily, EDI is a priority in the small and midsize business space,” said Dan Kraus, vice president, SAP Business One, SAP America, Inc. “Integrated with SAP Business One, the combined solution seamlessly simplifies EDI without sacrificing functionality, providing a competitive business advantage for the small and midsize business market.”

Users can learn more about implementing EDI through TrueCommerce by visiting www.truecommerce.com. Users can learn more about SAP Business One by visiting www.sap.com.

About TrueCommerce

TrueCommerce is a Pittsburgh, PA-based EDI solutions provider founded in 1995. From the beginning, the company vision has been to provide small to mid-tier companies with a comprehensive, end-to-end solution that is easy to implement and fully integrates with their accounting or business software. By leveraging the ubiquity of the Internet, TrueCommerce is able to offer a patent-pending solution that is more affordable and easier to use than traditional VAN-based EDI systems. TrueCommerce customers exchange over 6 million EDI transactions annually within a variety of industries, ranging from banking, hardware, grocery, mass merchandising, healthcare and government.
