GET MORE CONNECTED WITH TRUECOMMERCE PURCHASING INTEGRATION FOR MICROSOFT DYNAMICS GP

TrueCommerce Transaction Manager™ for Microsoft Dynamics GP makes it easy and affordable to comply with your supplier requirements while making your business more efficient at the same time. This end-to-end, certified for Microsoft Dynamics solution includes everything you need to streamline and automate purchase order processing so you can place orders faster without sacrificing accuracy. The easy-to-use interface, robust integration and low total cost of ownership make it the first choice for many Dynamics GP users.

Purchasing integration for Microsoft Dynamics GP makes exchanging information between Dynamics GP and your TrueCommerce EDI solution seamless. Purchase orders, shipments and invoices become fully integrated, eliminating the need to print or re-enter transactions.

The TrueCommerce EDI solution automates many everyday accounts payable and purchasing transactions, such as creating a purchase order in Dynamics GP or receiving an invoice using EDI. Built-in process controls notify you when fields are invalid, improving business efficiencies and reducing turnaround time on orders. These same controls also ensure that key fields on your outbound EDI documents are complete before sending those transactions to your supplier. Additionally, powerful scheduling capabilities reduce the need to manually import or export transactions for Dynamics GP such as purchase orders, shipments and invoices.

TRUECOMMERCE TRANSACTION MANAGER FEATURES AND BENEFITS FOR MICROSOFT DYNAMICS GP

Seamless Integration Your Business Can Rely On:

- Advanced support for Dynamics GP business logic ensures smooth alignment with your business processes and eliminates the need to enter duplicate data
- The integration leverages Microsoft Dynamics GP eConnect; the approach Microsoft recommends to ensure tight, trouble-free integration
- Certified for Microsoft Dynamics GP, Microsoft's highest standard for partner-developed solutions

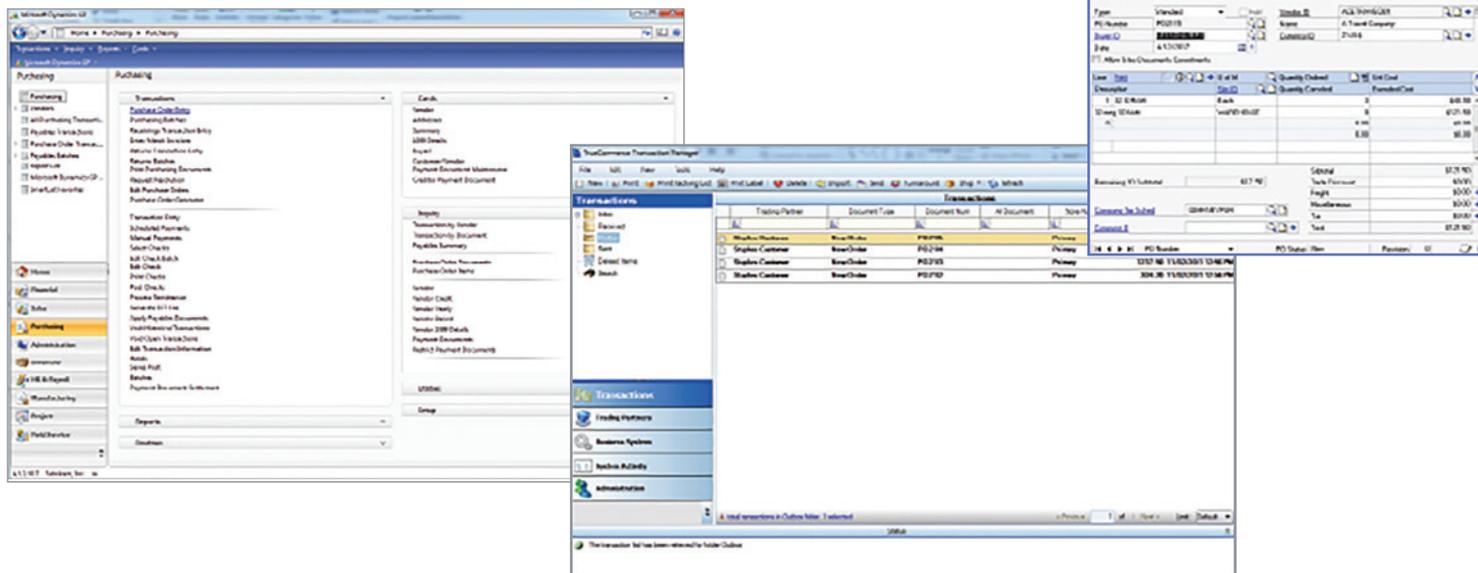

Robust Purchasing Integration Streamlines Supplier Collaboration:

- Integrates your TrueCommerce EDI solution for purchase order, shipment and invoicing transactions within Dynamics GP
- Validates imported purchase orders against supplier requirements or purchase order maps, to ensure accuracy
- Automatically imports inbound advance ship notifications into Dynamics GP to receive against the original purchase order, which saves time and reduces manual effort
- Supports creation of multiple shipments against one purchase order
- Inbound invoices create matched invoices

- Items shipped and invoiced are validated against the purchase order
- Enables you to assign the EDI unit cost or the Dynamics GP unit cost

Built-in Process Controls Reduce Errors:

- All data import/export tasks between Dynamics GP and your TrueCommerce EDI solution can be automated and scheduled; no user interaction is required
- Ensures that all required data has been entered and is valid before sending EDI transactions to your supplier
- Enables you to cross-reference your suppliers with data stored in Dynamics GP
