BENEFITS OF NOT DELAYING YOUR EDI INTEGRATION

In a recent study, Gartner® found that 29% of supply chain leaders viewed technology as "critical to the success and growth of their business." While many businesses are still holding back on implementing or upgrading their systems, here's a handful of businesses that acted quickly and are now enjoying the benefits.

Implementation completed in
60 DAYS

"Having a solution like TrueCommerce EDI that can produce reliable automation and make our job easier is a must. I can't imagine going back to not having EDI after experiencing it."

W. Mofield
Operational EDI
& Analytics Support
Sportsman Supply Inc.

Increased Amazon ASN score by
98%

"One of the biggest benefits we get with TrueCommerce is the ability to automatically generate ASNs. Those used to take 24 hours to process manually. Now we can send an ASN within 30 minutes of sending the order."

Lennie Diyco
Director of Warehousing
& Logistics
Pearhead

75%
reduction in EDI spend

"Since going live with TrueCommerce EDI, we've already experienced a 75% reduction in EDI spend compared to the same period last year."

Travis Pierce, IT Director, Leatherman Tool Group

Increased order volumes
3X

"There are numerous details to moving EDI to a new platform. TrueCommerce was experienced, knowledgeable, and dedicated to making New Sega a success."

Guyer McCracken
CFO
New Sega Home Textiles
