

# DIGITAL INTEGRATION

## FOR THE AUTOMOTIVE SUPPLY CHAIN

### EDI

Nearly half of the world's top 25 supply chains rely on TrueCommerce to reduce errors by up to 90%, maintain margins & improve order visibility & accuracy.

### API

Leverage secure, pre-built API integration recipes to accelerate time-to-market, reduce integration costs, & scale business processes.

### SUPPLY CHAIN

Increase inventory visibility, improve order management, & deliver quick access to all data for better decision making.

## AVERAGE COSTS & REAL SAVINGS

# 40%

Manufacturers that utilize an MMOG-compliant EDI solution comply 40% quicker.

# \$50K

Manufacturers that utilize an MMOG-compliant EDI solution save up to \$50k annually.

## 7 QUESTIONS TO ASK YOUR DATA INTEGRATION PROVIDER

1. Can you help us understand what is required for our data integration project?

3. What is required on our end?

2. How quickly can you respond & deliver?

4. How can you ensure compliance with business rules outside the EDI syntax?

5. What does 'managed services' REALLY mean?

6. What's the true cost of ownership?

7. What are your core competencies?

## CONNECT WITH EDI AS EASY AS 1-2-3!

Use EDI to reduce order processing time from hours to minutes, simplify shipping & packing, & send invoices instantly to get paid faster.

1.

Receive Orders

2.

Create Your Shipment

3.

Invoice For Goods

## BENEFITS OF EDI INTEGRATION

Trading Partners Integration

ERP/WMS Integration

Powerful Analytics

OME/MMOG/LE Compliance

Exceptions Management

Managed Services

Scalable Platform

## THE SHIFT TOWARDS ELECTRIC VEHICLES

It is projected that **1/4** of new sales will be electric by 2035

Global electric vehicle sales increased from 3 million in 2020 to **6.6 million** in 2021

The average battery range for an EV is around 100 miles, with the longest range listed at **520 miles**

In today's turbulent automotive market, only organizations willing to adopt new technology & adapt their supply chain will survive.
