

# Grow Your Business and Get Supported To Meet Your Customer EDI Compliance Requirements with Integrated EDI for Acumatica

## BENEFITS

**More Connected. More Supported. More Prepared for What's Next..**

- The ideal solution for manufacturers, distributors and other businesses that need to quickly and accurately fulfill and ship orders based on trading partners' specific requirements
- End-to-end, cloud-based EDI solution especially for Acumatica, developed and supported by one trusted source
- Robust Acumatica integration automates order, order acknowledgments and invoice processing and eliminates manual tasks—making EDI a strategic investment that improves competitiveness and pays for itself again and again through time, effort and cost savings
- Critical process controls like unit price verification and duplicate order checking validate accuracy and eliminate chargebacks

## DO BUSINESS IN EVERY DIRECTION WITH TRUECOMMERCE EDI FOR ACUMATICA

The TrueCommerce cloud EDI solution integrates seamlessly with your Acumatica cloud ERP, making it easy and affordable to comply with customer EDI requirements, accelerate and automate sales order processing.

**More Connected. Get all the EDI Power In One Integrated Solution:** With an intuitive interface, low cost of ownership, and on-demand scalability to handle growth and seasonal order spikes, TrueCommerce amplifies your efficiency and customer satisfaction—liberating your business to focus on new opportunities. Get complete access and visibility into more of your business-critical activities.

Automate many time-consuming EDI tasks, such as creating sales orders in Acumatica from incoming purchase orders and sending purchase order acknowledgments and invoices to your customers. This eliminates rekeying and reduces errors.

Built-in process controls further enhance accuracy by ensuring that unit pricing, purchase order numbers and items are validated before processing transactions to Acumatica. TrueCommerce will even alert you to invalid fields before sending transactions, eliminating potential chargebacks and preventing errors that could slow the order-to-cash cycle.

Like your cloud-based Acumatica ERP, TrueCommerce gives you anytime, anywhere access, simplified maintenance and IT cost savings.

**More Supported.** We also offer unsurpassed, truly managed services and support that includes automatic updates to your trading partner maps at no additional charge. Plus, there are no annual contracts and no maintenance fees to worry about.

**More Prepared For What's Next.** Continuous Innovation Delivers Sustained Benefits. With TrueCommerce, you're more prepared for what's next – we're always working to improve our integration to stay ahead of industry trends as your business continues to grow. When you're more prepared for what's next, you can do business in every direction.

## TRUECOMMERCE FOR ACUMATICA FEATURES AND BENEFITS

### Robust Acumatica Integration Makes You More Efficient and Customers Happier

- TrueCommerce extends the shipment details in Acumatica to include packaging information to help you quickly become ASN compliant.
- Integration automates sales order and invoice transactions, including inbound purchase orders, purchase order acknowledgements and outbound invoices.
- For drop-ship orders, marketplace and eCommerce orders, automatically create new customers within Acumatica upon export.
- User-defined fields let you extend the integration to automate the exchange of EDI or eCommerce data specific to your business or your customers.
- Speed up order processing and fulfillment to ship faster while improving accuracy.
- Eliminate costly chargebacks and improve your vendor scorecard.
- Handle increased order volume without adding staff.

### Robust Integration for Greater Efficiency and Customer Satisfaction

- Integration includes sales order and invoice transactions, including inbound purchase orders (850/875), advance ship notices (856), and outbound invoices (810/880).
- Outbound ASN integration supports no pack, pick and pack, standard, pallet, and consolidated ASNs.
- TrueCommerce extends shipment packaging contents of Acumatica to help you meet the needs of compliancy for outbound ASNs.
- Built-in auto pack capabilities give you the ability to package your shipments in Acumatica, streamlining the process of creating and packaging items.
- Based on who your customer is, create mixed carton and pure carton packaging rules.

- Utilize creation of multiple shipments via shipment automation.
- Auto pack shipments based on quantity.

### Streamline Your Third-Party Warehouse Communications

- Outbound warehouse shipping orders (940) can automatically be created from existing sales orders from within Acumatica.
- Integrated warehouse shipping advices (945) will update existing shipments with package and item contents in addition to shipping information (e.g., tracking, ship weight, quantity); lot and serial numbers are supported, as well as consolidated shipments.
- Outbound advance ship notices (ASN) can easily be sent to your customer, based on the information from the 945.
